**“ GOT MY 3.0 YESTERDAY AND WOW!
THEY REALLY HAVE SEEMED TO FIX ALL THE THE RAINBOW STREAK PROBLEMS.
SPENT A DAY WITH THE 14 INCH AND 10 INCH AND THEY WERE FLAWLESS. RUBBER ISN'T CHEWED UP
BY THE END OF THE DAY EITHER. WELL DONE MOERMAN FOR FINALLY LISTENING TO YOUR CUSTOMERS
AND MOD YOUR OWN SQUEEGEE SO WE DON'T HAVE TOO. BIG THUMBS UP!**

”

PATENTED DESIGN

LIQUIDATOR 3.0

The patented Liquidator becomes more and more standard equipment for professional window cleaners. This legendary channel has been upgraded for better performance: meet Moerman's extraordinary Liquidator 3.0.

It is an angled edge channel, unique in its kind and now more accurate than ever before. Developed with window cleaners for window cleaners. The end clips of the Liquidator 3.0 are designed for wiping a window much more efficiently without having to detail the edges.

The Liquidator 3.0 works great on all kinds of windows: thick or thin rubber seals, old or new steel edges, all types of frames... ensures smooth and easy performance without excessive strain on arms and shoulders – even after hours of intensive window cleaning.

FOR OPTIMAL PERFORMANCE:

1. align NXT-R rubber in the center of channel
2. use enough soap, also on the sleeve
3. put minimum pressure on handle
4. get a feel for the right technique
5. no need to detail the edges of the window

MOERMAN
PIONEERS IN WINDOW CLEANING

WHAT'S THE DIFFERENCE WITH THE LIQUIDATOR 2.0?

- ✓ less curved tip
= less pressure on rubber

- ✓ improved design of end-clip

- ✓ firmer grip on the round side
