

Dura-Flex® Rubber Natural Moss Rubber

Durable - lasts longer.

Strong & Flexible: extreme high resistance to tearing and abrasion.

Excellent elasticity: the blades dig deep into uneven surfaces and recover their shape after use.

Closed cell rubber: has perfect density and does not absorb water. The natural skin adds strength and helps prevent bacteria from harbouring inside the squeegee.

Multi-surface: use on both smooth and uneven surfaces like concrete, brick, tile and marble.

Double rubber blade: double cleaning - superior cleaning results.

DURA-FLEX® RUBBER UNIQUE KNOW HOW OF NATURAL RUBBER

Black Dura-Flex® rubber

- › Good general all-purpose rubber.
- › Ideal for cleaning areas where resistance to heat and oil is not required.
- › Popular in light commercial, schools and public facilities.
- › Caution: black rubber can leave spots on pale floor.

White Dura-Flex® rubber

- › Used when hygiene is an important factor.
- › Users can easily see when the squeegee needs to be replaced.
- › Preferred to cleaning sanitary rooms, swimming pools, ...

Red Dura-Flex® rubber

- › Contains Neoprene to give excellent resistance to oils, acids, greases and solvents.
- › Preferred in factories, auto care and maintenance facilities.

Green Dura-Flex® rubber

- › The green blade is produced with materials approved by the FDA*.
- › Recommended when hygiene is extremely important.
- › Preferred in food service and health care facilities.
