METAL FLOOR SQUEEGEES

Dura-Flex® Rubber Natural Moss Rubber

Durable - lasts longer.

Strong & Flexible: extreme high resistance to tearing and abrasion.

Excellent elasticity: the blades dig deep into uneven surfaces and recover their shape after use.

Closed cell rubber: has perfect density and does not absorb water. The natural skin adds strength and helps prevent bacteria from harbouring inside the squeegee.

Multi-surface: use on both smooth and uneven surfaces like concrete, brick, tile and marble.

Double rubber blade: double cleaning - superior cleaning results.

Explanatory coloured label

All our squeegees with natural rubber carry an explanatory coloured label.

Dura-Flex® brand = guarantee that the squeegee has the best rubber = perfect results.

All our squeegees with natural rubber carry an explanatory coloured label.

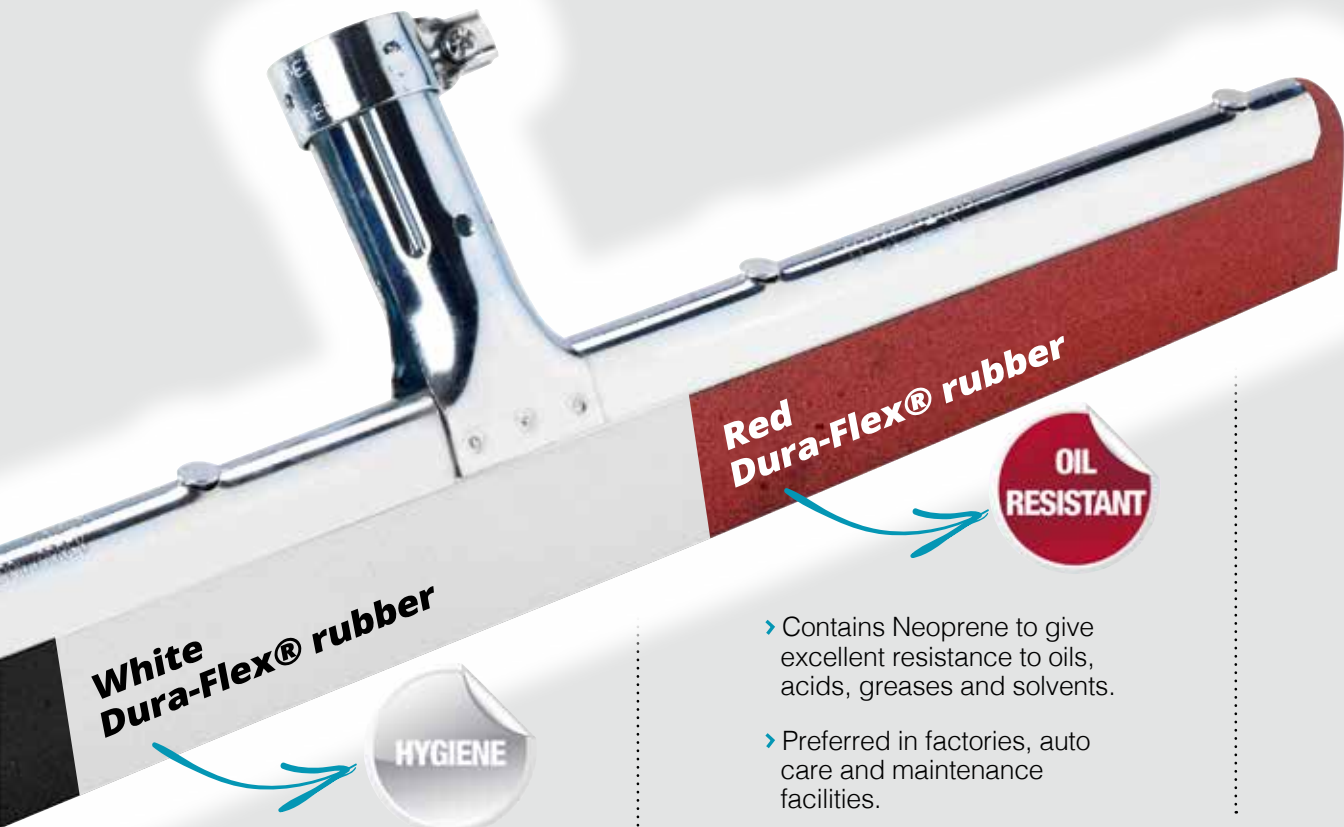

DURA-FLEX® RUBBER UNIQUE KNOW HOW OF NATURAL RUBBER

- › Good general all-purpose rubber.
- › Ideal for cleaning areas where resistance to heat and oil is not required.
- › Popular in light commercial, schools and public facilities.
- › Caution: black rubber can leave spots on pale floor.

The Dura-Flex® moss rubber used for our floor squeegees is the best rubber in the world for floor cleaning. The moss rubber blades have been especially developed to fit the application of floor squeegees.

Dura-Flex® brand guarantees that the squeegee has the best rubber = perfect results!

- › Contains Neoprene to give excellent resistance to oils, acids, greases and solvents.
- › Preferred in factories, auto care and maintenance facilities.

- › Used when hygiene is an important factor.
- › Users can easily see when the squeegee needs to be replaced.
- › Preferred to cleaning sanitary rooms, swimming pools, ...

Branding in metal frame

All our Moerman metal squeegees with natural rubber are Dura-Flex® branded.

STANDARD FLOOR SQUEEGEE

The **Standard floor squeegee** with double bladed **Dura-flex®** natural moss rubber is used for household cleaning or light professional cleaning.

› fits all straight and tapered handles with diameter up to 23 mm / 0,9”.

Frame

- › rust-resistant galvanised premium steel
- › strong and lightweight
- › strong and rigid

Handle socket

- › screw & nut (Reg. Mod.)
- › ACME thread

Color Frame

Rubber

Size

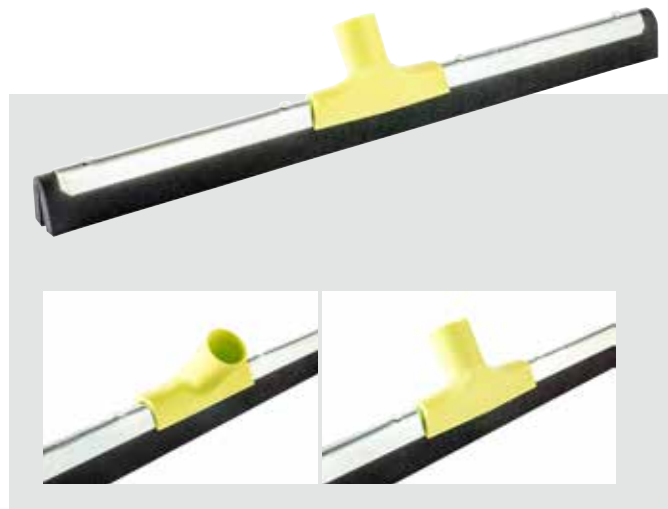

- › 35 cm / 14”
- › 45 cm / 18”
- › 55 cm / 22”

EASY FIX SQUEEGEE

On the **Easy Fix** floor squeegee with double bladed **Dura-flex®** natural mossrubber a treaded handle can easily be fixed onto the squeegee without the use of a screwdriver. The Easy Fix floor squeegee is mainly used for household cleaning.

Strong plastic handle socket that fits all handles with French/German and Italian thread.

Handle can be fixed by simply twisting which makes it very convenient and time saving.

FLEXI SQUEEGEE

The **Flexi squeegee** is a 3-in-1 product: it can be used as a floor squeegee, a mop or ceiling cleaner (with microfiber cloth). The swivelling handle socket makes it the ideal floor squeegee to reach even the most difficult places, for example: under a cupboard, on a staircase, behind the toilet, underneath beds or around furniture etc.

Anodised aluminium frame with velcro strips to fix the microfiber cloth (60 x 40 cm / 24" x 16"); one-blade Duraflex white rubber (9mm / 0,4").

- › swivelling (left/right) plastic handle socket with cap
- › fits all handles with a diameter up to 26 mm/1".

Color socket › lemon green with turquoise

Frame › aluminium

Handle socket › with cap and strangle socket

Color Frame

Rubber

Size › 50 cm / 20"

PREMIUM FLEXI SQUEEGEE

The **Premium Flexi squeegee** is a 3-in-1 product: it can be used as a floor squeegee, a mop or ceiling cleaner (with microfiber cloth). The swivelling handle socket makes it the ideal floor squeegee to reach even the most difficult places, for example: under a cupboard, on a staircase, behind the toilet, underneath beds or around furniture etc.

The white **Dura-Flex®** rubber cassette is replaceable, which is indicated in professional cleaning.

Anodised aluminium frame with two plastic hooks to fix a microfiber cloth, the cassette with one-blade **Dura-Flex®** white rubber (9mm / 0,4") is removable and can be replaced.

- › swivelling (left/right) plastic handle socket with cap (white)
- › fits all handles with a diameter up to 26 mm/1".
